Why Choose VersaCourt?

Customers Come First Philosophy

The secret to a long-lasting court lies in expert design, service, and installation. We promise to deliver everything needed before, during, and after installation to keep your court performing for years to come.

Custom Courts Built Just For You

Let us custom design a court just for you...any size, any color combination, any game, any logo, everything you want. When you work with VersaCourt, you will work with our in-house designers to get a custom solution that fits your backyard, activities and budget.

Made In The USA & Western Europe

We are proud that all of our surfacing options are manufactured with precision in either our US or Western European facility.

The VersaCourt Difference

Every VersaCourt order is fully assembled in our warehouse and all requested lines and logos are pre-painted by our team of professionals in a controlled environment to ensure accuracy and longevity. We then number each section, disassemble the court, and pack the tiles according to a labeled diagram.

Lifetime Outdoor Tile Warranty

VersaCourt wants you to be a customer for life and we plan to achieve this by providing you the highest quality products and the industry's best and most clear warranty. Our desire is that when you place your faith in us you will have a worry-free recreational surface for years to come.

Tile Benefits

Attractive Appearance

With numerous standard color and line options, VersaCourt Tiles are used to create eye catching surfaces that transform backyards, schools and other facilities.

Long Lasting

VersaCourt Tiles are constructed utilizing a durable polypropylene material that is resistant to cracks and fractures. VersaCourt Tiles have a 25-30 year structural life expectancy.

Easy to Maintain

Unlike concrete courts that crack or wood gym floors that require regular polishing and periodic refinishing, VersaCourt Tiles require minimal maintenance. They can be cleaned with a leaf blower or garden hose.

Safe

Our shock absorbing plastic tiles feature expansion joints and a spring tabbing mechanism that allows side-to-side movement and forgiveness on joints and lower back.

Quick Assembly

Fast, easy installation is a breeze

Cooler

VersaCourt is up to 50% cooler than asphalt or concrete surfaces

Multi-Use

Utilize one location for multiple sports
